Personal Statement

I have got lots of skills, qualities ect to give in a working environment. I am adaptable to change whether it is in the work place or even at home. Hard working is also a big point for me as i love working and trying new things. I am a very loyal person and i am very willing to try and learn brand new skills within in the working environment.

I have got personnel qualities as i am good at team working as when i was a college we always had to use team working skills to do a lot of projects, Like my recent project with the college was the enterprise project. I am dependable as i always turn up on time will my good time keeping skills. I am very good at supervising as i had to supervise as i had to supervise my college class when we where learning about interview skills. I am also good at taking notes as that was another key aspect i had to do when learning the interview skills.
